

Continuum of Special Educations Service Definitions in Preschool:

Related Services: speech, Occupational therapy, physical therapy

Special Education Itinerant Teacher (SEIT): small groups or one-on-one in a general education classroom or childcare location.

Special Class in an Integrated Setting: children with and without special education services are educated in the same class with a general education and special education teacher.

Special Class: smaller class size that only enrolls children with an IEP (Individualized Education Plan)

Residential Placement: for children whose needs require 24-hour attention

Additional support and services: include a 1:1 paraprofessional, assistive technology, bilingual services, behavioral supports, and special education busing.
